

Capalaba Greyhound Racing Club Update

Trial Bookings

It is encouraged that all Trainers use “On The Clock” to book Trials for Wednesday and Sunday (Link on our Website) You can still book Sunday Trails by phone on Friday between 9am and 10am (if we don’t answer please leave a message as this club is run by volunteers) but it is preferred you create an account. Having an account will also allow us to notify you more efficiently if the Trials are cancelled due to weather/ staff illness etc.

The office is closed on Tuesdays so there are no phone bookings for trials on Wednesdays. Trial bookings are now essential for Wednesday trials (don’t just show up). Since Warren has gone to Tasmania we do not have a back up lure driver and Wednesdays Cliff needs to be gone by 9am. Trials can be booked from 6.30am, however, if there are not 15 trials booked then they will be cancelled Tuesday night. Trainers who have booked will be notified by text Tuesday night. Trainers who have not booked will obviously be disappointed if they turn up and find trials have been cancelled due to lack of bookings. Just a reminder, Wednesday and Sunday’s Trails are mostly run by volunteers.

Facebook Page and Facebook Closed Group For Trainers

As most of you know our Club has it’s own Facebook Page (Link on our Website) Please “Like” our page for Industry news/ updates, Race and Trial photos, Rick’s JGP’s Race and Trackside Photos, race replays, around the grounds photos from race days and Track update photos.

We have also created a special Facebook Closed Group “Capalaba Greyhound Racing Club Information / Updates For Trainers”. This page will allow us to share more information and updates with Trainers and Owners regarding Race day abandonment due to weather, up and coming programs/adjustments, calling for more nominations, track updates or issues and information concerning trials and you can also ask questions etc.

Capalaba Greyhound Racing Club Update

The Club is also on Twitter @capalabagreys and Instagram @capalabagreys
(Both links on our website)

Please Update Your Contact Information

To ensure we cover all bases, please update your contact information on the attached page so we can be as informative as possible – Once our database is updated the club will be emailing newsletters and Race books before the first race so Trainers and Members who are not attending that race meeting will still have access to information in the race book. Our goal is to become more professional and informative to make sure a smooth transition to SKY
